

## OCEAN ZONES

[www.TheWiseNest.com](http://www.TheWiseNest.com)

Use this worksheet as a way to introduce, teach and review some of the ocean zones.

Younger students can use it as a coloring sheet.

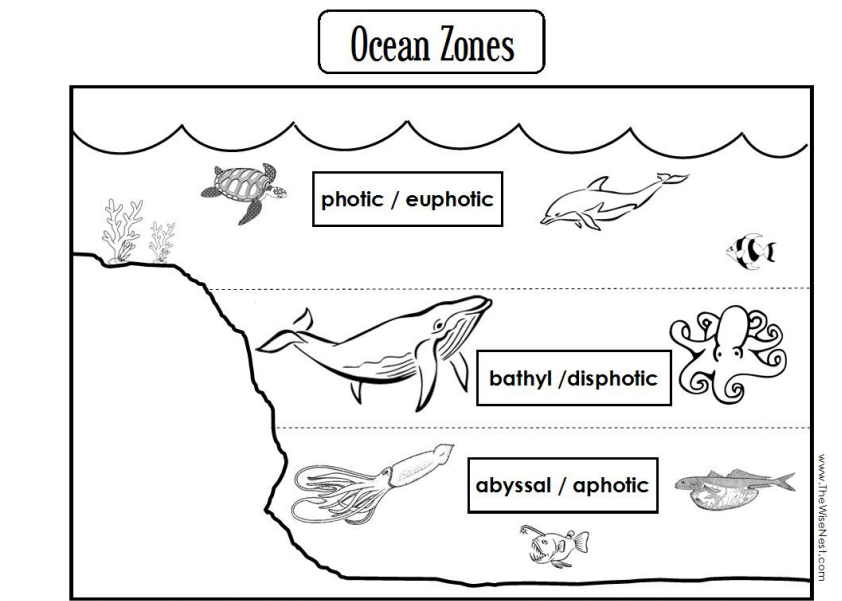

Older students can label each zone by either cutting and pasting the labels or by simply handwriting each name on the line.

Color each ocean zone in a different color to show the depth.

If you would like to share, please share a link to my blog or to the page that hosts these files. Please do not link directly to just the PDF files. Please do not sell or host these files anywhere else.

Thank you for downloading this file! I hope it can be useful to your family!
